PPC, as an energy leader, responding to its commitment to sustainable development and environmental protection, acknowledged its role in the penetration and development of e-mobility in the country. In July 2021, PPC launched the new brand, DEI blue, for the e-mobility services provided by PPC as an integrated infrastructure and charging services provider, offering e-mobility solutions to individuals, companies, and public administration throughout Greece. Today, the DEI blue network, the fastest growing charging network in the country, has already installed more than 1.700 publicly accessible charging points nationwide. DEI blue also meets customer charging needs for home and business, offering a variety of chargers, including installation, as well as other high-quality products and services

“Ergoliptikon Vima” (=Contractors’ Tribune) has been published since 1947 and it is edited by PESEDE (Panhellenic Union of Public Works Contractors Associations). It keeps people up-to-date regarding all issues in the field of Public Procurement, such as legal directives, information, scientific and technical knowledge, general topics and special issues per association. It also contains presentations of companies and current projects. It is distributed to the members of PESEDE - Public Works Contractors all over Greece free of charge, in hard copy and in electronic form. Moreover, it is distributed to all Authorities of the Central Public Administration, but also to the Local Authorities of all levels, as well as to Central and Local Organizations, all over Greece. It is also distributed free of charge with additional issues during our participation in several exhibitions of National and International interest in our country, thus its promotion is enhanced during the year. Plus it is distributed to relatives companies, too. It is worth pointing out that apart from being in hard copy form, the magazine is also available in electronic form via the PESEDE website www.pesede.gr & www.gobhma.gr as well as at the PESEDE social media on facebook & twitter and on specific sites such as www.issuu.com. The editing belongs to the company Gobhma
